Listed rates are for 10 attendees. Additional employee attendees will be charged at a rate of \$120.00 per student. Training cost is calculated based upon total number of students per company plus any fees that need be applied.

All class rates include travel expenses, student handbook, and certification wallet card.

Classes within 3 hour radius of Sharpe locations will receive a \$500.00 discount on class cost.

ARC FLASH RISK ASSESSMENT

Arc Flash Risk Assessment projects must be quoted on an individual basis. Sharpe will provide resources for technical support to develop the project with the customer, and resources to work with Distributor representative to properly price the project to the customer.
